STUART SCUBA / FIELD MAP 01

Blue Heron Bridge

Underwater orientation

900 E. Blue Heron Boulevard • Riviera Beach, FL 33404

One of our favorite shore dives.

1 Guarded swimming area

2 Trail modules & structures

3 Shark sculptures (approx.)

4 Vessel traffic channel

CHECK BEFORE ENTERING

This is not a navigation chart, route, entry/exit plan or boundary map. Strong currents and vessel traffic may be present. Use posted markers and ask park staff about conditions.

Predicted high tide does not guarantee slack current or visibility. Keep scuba activity outside the guarded swim area; ordinary diving is sunrise to sunset. Observe wildlife without touching or feeding.

FIELD NOTE Seahorses can use shallow seagrass for cover. Look without touching; sightings are not guaranteed.
